Hello!

I am taking this opportunity to invite everyone viewing my website to call me for more information about my daycare if you are in need of quality childcare. If you are looking for a small one on one environment for your child, this is the place to consider. I currently have a very low provider to child ratio therefore I am able to accommodate a variety of needs. I have over 16 years of experience & love working with children. My reasonable weekly rates include breakfast, lunch, & afternoon snack. Your child will have a safe, comfortable home away from home when he/she is spending time at Wright's Family Daycare.

Thanks for your interest in my daycare!
